Dear Parent or Guardian:

During the school year, your child's classroom will have two (2) mental health observations. A Professional Mental Health Consultant will perform these observations.

The purpose of classroom observations is to make sure the children are in a comfortable and happy environment. Classroom observations are a requirement for all Head Start programs.

Your child’s classroom will be observed on ____________________.

You are welcomed to be present during the time of the mental health observations. If you have any questions, please contact your child’s teacher.

Sincerely,

Deloris Speed
Mental Health Specialist
